Scope and Basic Terminology

External trade in goods covers trade with third countries (Extrastat) and with EU Member States (Intrastat), with detailed statistical information collected at the commodity code level (8 digits) of the Combined Nomenclature.

Imports include all goods entering the statistical territory* of the Republic of Bulgaria from other countries intended for domestic consumption, processing in the country for export after processing, as well as imports of goods processed outside the country.

Exports include all goods leaving the statistical territory of the Republic of Bulgaria intended for normal export to another country. This includes goods returned to the trading partner after processing in Bulgaria or goods exported for processing in another country with the intention of being returned to Bulgaria.

The **statistical territory of the European Union (EU)**, in the context of international trade in goods statistics, corresponds to the combined customs territories of the EU Member States with one exception: unlike the customs territory, the statistical territory of Germany includes Helgoland.

**TRADE IN GOODS OF BULGARIA WITH THE EU IN
THE PERIOD JANUARY - SEPTEMBER 2024
(PRELIMINARY DATA)**

Statistical volumes of imports and exports do not include imported goods placed under customs warehousing without processing, nor do exports include the re-export of these goods.

International trade statistics do not account for the transit of goods through the territory of the Republic of Bulgaria.

Main Sources of Information

Customs declaration - Single Administrative Document (SAD), which is filled out by all entities importing or exporting goods to/from third countries.

Intrastat declaration for intra-EU imports and exports to/from EU Member States.

The **Customs Agency** is the institution responsible for collecting customs declarations (SAD), and the **National Revenue Agency** is responsible for Intrastat declarations.

Trade estimates are made to compensate for the impact of thresholds below which traders are exempt from submitting Intrastat declarations, as well as for those who have not responded.
