

NON-FINANCIAL NATIONAL ACCOUNTS BY INSTITUTIONAL SECTOR - THIRD QUARTER OF 2025

For the third quarter of 2025 the reported Net lending (+)/net borrowing (-) was as follows:

- 'Total economy' sector: -1 303.82 million EUR;
- 'Rest of the World' sector: 1 303.82 million EUR.

The quarterly non-financial accounts of the 'General Government' and the 'Rest of the World' sectors present, on the basis of national accounts, the economic activity of the government and non-resident units in a manner comparable to other European countries, according to the European System of National Accounts 2010. For this purpose, tables showing revenues and expenses of the 'General Government' and 'Rest of the World' sectors are developed.

The 'State Government' sector data are derived by using the reports on the implementation of the Consolidated fiscal program provided by the Ministry of Finance, as well as estimates of the government units requalified in the sector.

'Rest of the World' sector data is developed using the Balance of Payments provided by the Bulgarian National Bank, as well as estimates developed by the National Statistical Institute.
