Methodological notes

Since 2012, the statistical survey on **accommodation establishments** has been carried out monthly in compliance with the Regulation 692/2011 of the European Parliament and of the Council concerning European statistics on tourism and the Regulation 1051/2011 of the Commission implementing Regulation 692/2011 of the European Parliament and of the Council concerning European statistics on tourism, as regards the structure of the quality reports and the transmission of the data.

All categorized hotels, camping sites and other types of accommodation establishments with 10 or more bed-places in use during the reporting period are included in the observation.

The indicator **other accommodation establishments** includes holiday settlements, hostels, guest houses, bungalows, rest houses, mountain chalets, private rooms and flats and other establishments for short accommodation.

Available Bed Capacity is the maximum number of bed-places, offered for each day of the reference month.

The **revenues from nights spent** in accommodation establishments include the sums paid by the guests, without the extra services.
