

## SITUATION OF THE NON-FINANCIAL ENTERPRISES IN THE EPIDEMIC SITUATION FEBRUARY 2021

The National Statistical Institute of Bulgaria conducted short business survey amongst non-financial enterprises aiming to collect and present to the society and policy makers information on the economic effects from the declared state of emergency and the ensuing epidemic situation in the country due to COVID-19.

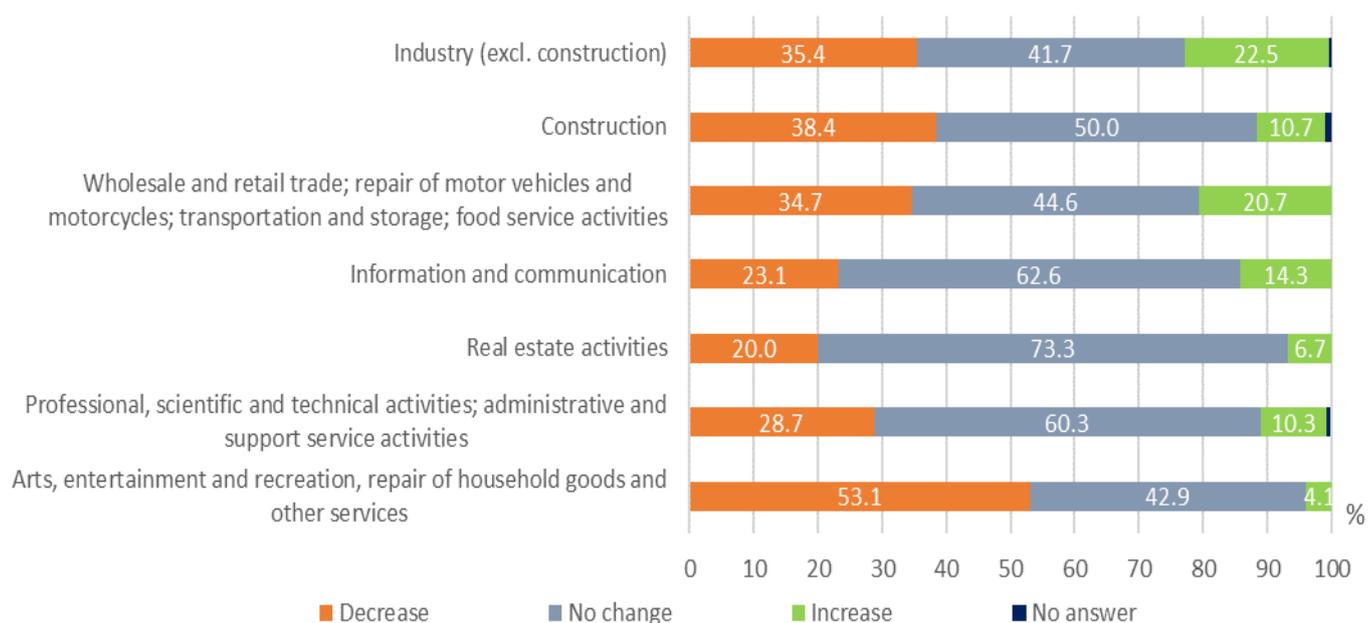

In February 2021, 34.1% of the responded non-financial enterprises declared a decrease in revenues from sales of goods and services compared to January 2021, 47.9% declared no change and 17.6% - an increase (Figure 1).

**Figure 1. Change in revenues from sales of goods and services in non-financial enterprises as compared to previous month, 2021**

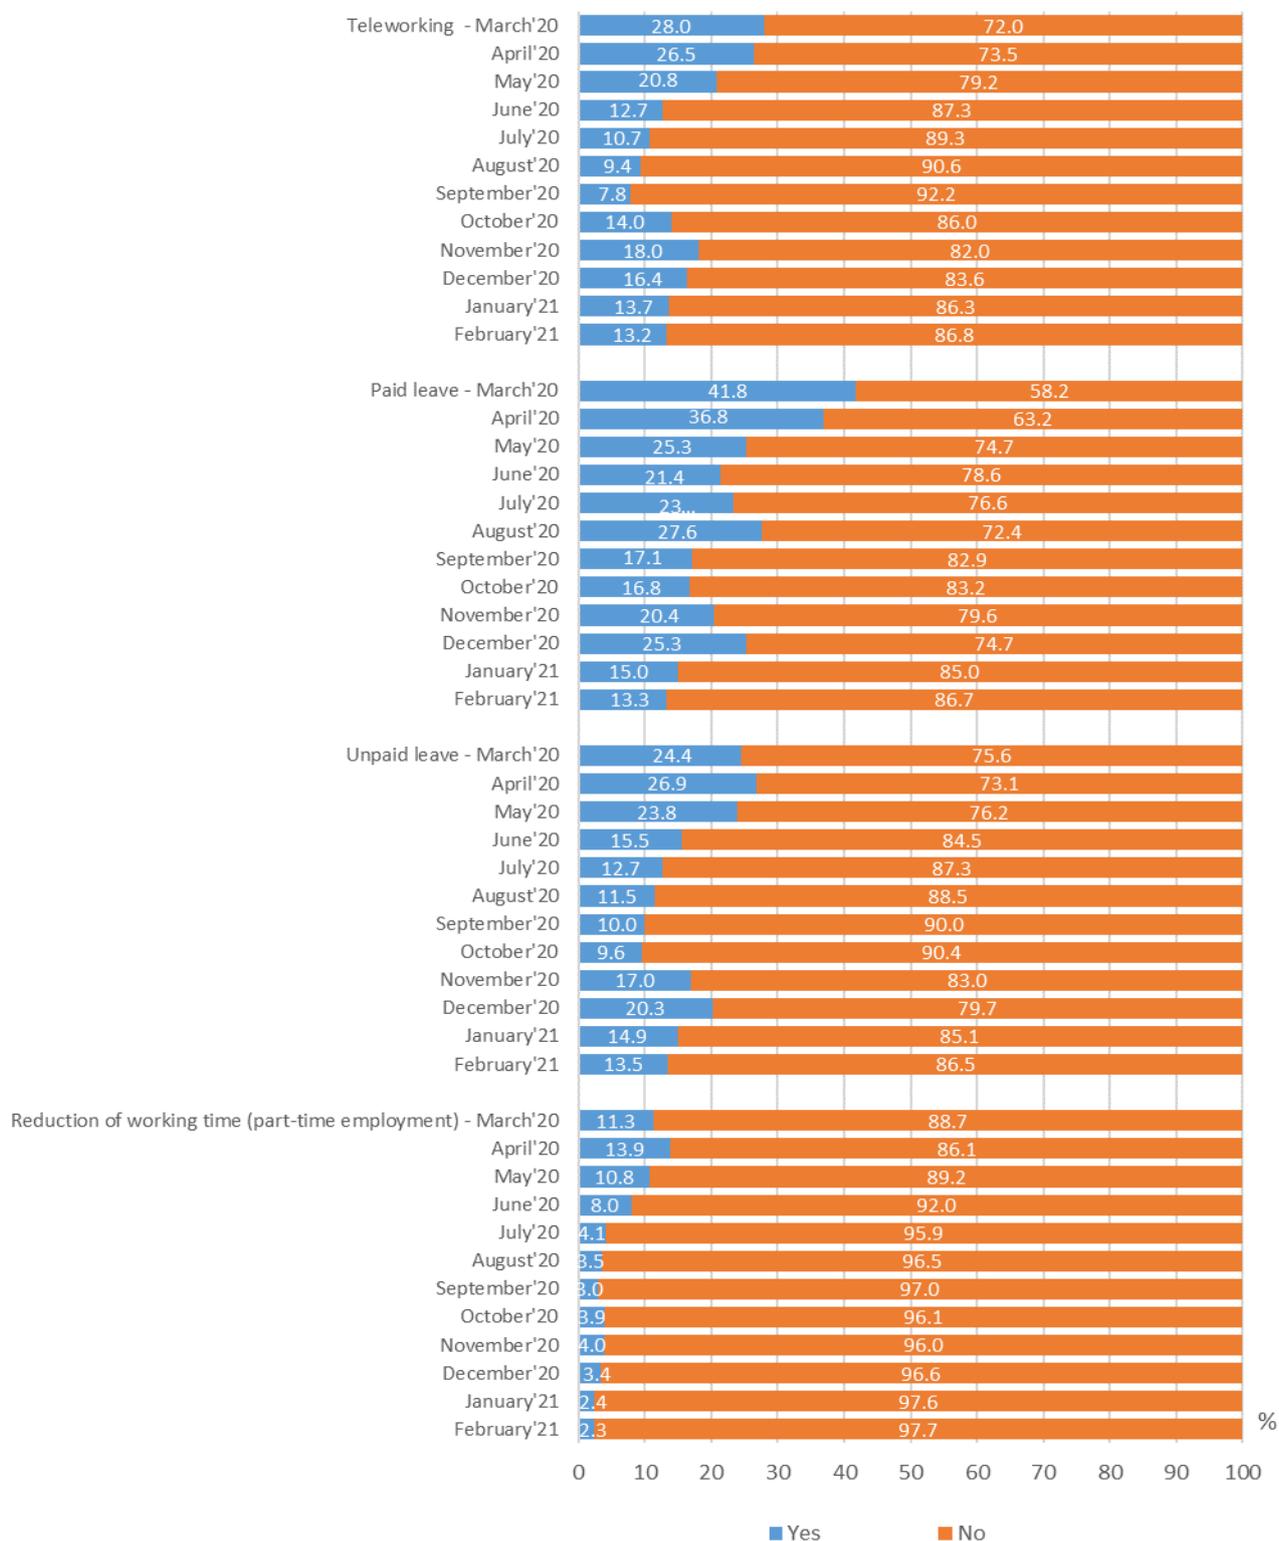

The breakdown by economic sectors showed that 53.1% of the non-financial enterprises in ‘Arts, entertainment and recreation, repair of household goods and other services’ had a decrease in revenues from sales of goods and services’, followed by ‘Construction’ - 38.4%, ‘Industry’ - 35.4% and ‘Wholesale and retail trade; repair of motor vehicles and motorcycles; transportation and storage; food service activities’ with 34.7% (Figure 2).

**Figure 2. Change in revenues from sales of goods and services in non-financial enterprises in February 2021 as compared to previous month, by economic sectors**

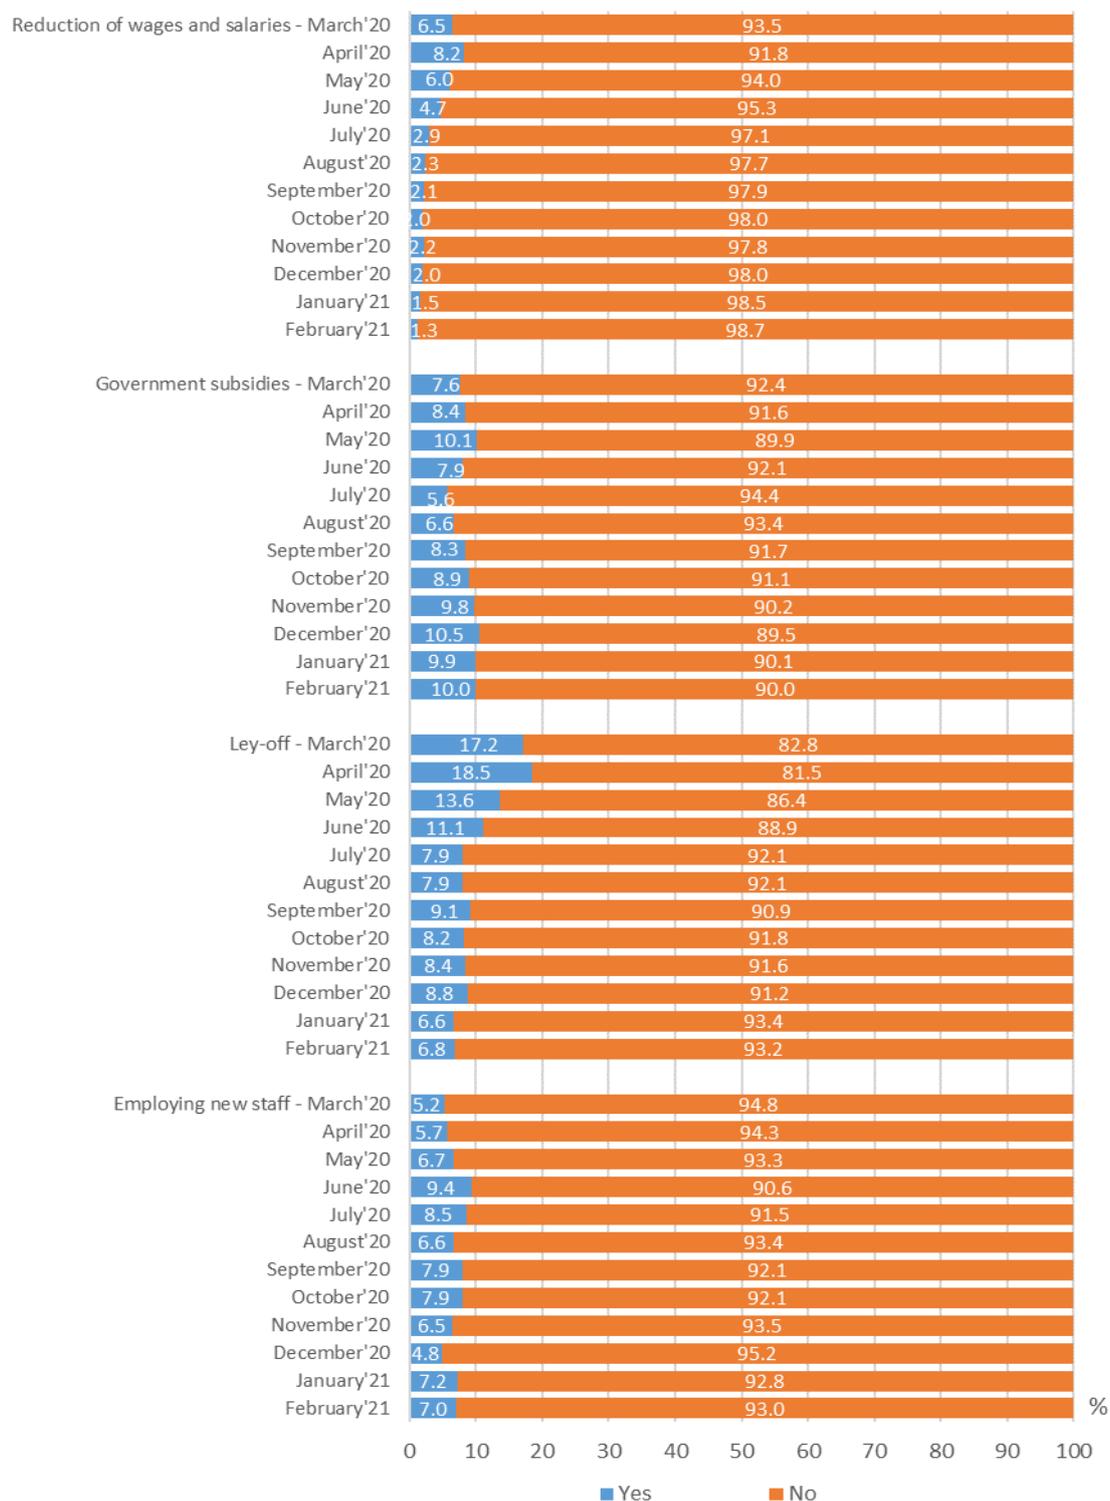

As regards the employees, 13.5% from the responding non-financial enterprises answered that they had to use ‘unpaid leave’ as a measure for reducing the effects from the state of emergency and the epidemic situation, followed by ‘paid leave’ - 13.3%, ‘Teleworking’ - 13.2% and ‘government subsidies’ - 10.0% (Figure 3).

## Methodological notes

The survey of „Non-financial enterprises“ was carried out in March, in the sample were included 3 770 enterprises with at about 230 thousand employees. The participation in the survey was voluntary.

The unit of observation is the enterprise, which carries out one or more activities on one or more locations and produces goods or services for third parties. The definition of the enterprise meets the requirements of Regulation (EC) No. 696/93 for statistical units. The data refer to the activities of non-financial enterprises carried out on the territory of the country.

The coverage of economic activities is as follows: Industry; Construction; Wholesale and retail trade; repair of motor vehicles and motorcycles; transportation and storage; food service activities; Real estate activities; Information and communication; Professional, scientific and technical activities; administrative and support service activities; Arts, entertainment and recreation, repair of household goods and other services.

Not covered by the survey are economic activities: Agriculture, forestry and fishing; Financial and insurance activities; Human health and social work activities; Education; Public administration and defense; compulsory social security.
