Methodological notes

The definitions recommended by the World Tourist Organization and the Methodological manual for tourism by Eurostat are applied by the National Statistical Institute.

In accordance with these definitions **an international tourist** is any person who travels to a country other than his/her permanent residence for at least 24 hours but no more than one year and whose main purpose is not doing any activity for payment.

The purposes of visiting a country are the following:

- Excursion, holiday or entertainment (visits to cultural or historical landmarks, sport events and other);
- Visiting friends and relatives;
- Professional purposes (business trips, participation in conferences, congresses, concluding deals, etc.);
- Other (education, medical treatment, etc.) purposes.

Statistical data on the trips of Bulgarian citizens travelling abroad and visits by foreigners to Bulgaria are obtained on the basis of monthly information received from the Ministry of Interior and sample survey of the National Statistical Institute among Bulgarian and foreign citizens passing through border check points.

Data on the number of the trips of the citizens of the European Union are estimated on the basis of the information obtained from the Ministry of Interior and the airport authorities. Data on the number of citizens from "third countries" are obtained directly from the Ministry of Interior.

Data on the purposes of the trips are obtained on the basis of the NSI's regular monthly sample survey of passing Bulgarian and foreign citizens through the border check points.
