## Methodological notes

Since 2012 the survey of the tourist trips and tourism - related expenditure of the population has been carried out in compliance with the Regulation 692/2011 of the European Parliament and of the Council concerning European statistics on tourism and Commission implementing Regulation 1051/2011 implementing Regulation 692/2011 of the European Parliament and of the Council concerning European statistics on tourism, as regards the structure of the quality reports and the transmission of the data.

**The survey is a representative** and it is conducted on the basis of households' sample in the country. The objects of the survey are the residents aged 15 and older in Bulgaria. All persons aged 15 and older, members of the selected households are interviewed. The current demographic data on total population aged 15 and older by place of residence (urban/rural), sex and age groups are used for survey results' estimations at the end of 2012.

**Tourist trips** - every private or professional trip outside the place where they live for a period no more than one year and whose main purpose is not doing any activity for payment.

**The tourist trips** can be the following:

**Private** - holiday, visit culture and sport events, medical treatment, education, religion activities, visit relatives and friends, and others.

**Professional** - business trip, participation in conference, congress and seminars, conclude bargains and others.

**Visitor** is a traveller taking a trip to a main destination outside his/her usual environment for no longer than one year whose main purpose is not doing any activities for a payment. People traveling daily or weekly for work, study, shopping, visiting the physician and others excluded from the definition of a visitor.

**Usual environment** of a person includes places located near his home as well as places frequented by him. It has two aspects - vicinity and frequency of the visits. Places located close to the place of residence of a person are part of the usual environment, even so though they maybe rarely visited. For example, if the place where the villa or vacation house is located near to home, but rarely visited, it is part of the usual environment of a person.
